Greetings!

The programs of Diplomas and Post Diplomas in various streams of Construction Technology and Engineering are the gateway for the upward growth of our young persons, desirous to pursue their career objectives with the Construction Industry. The need for these programs was felt long ago, as the construction personnel at all levels who wanted to learn and develop their career in the sector, did not have any options of structured learning, while continuing with their employment. Today, with offer of these programs, such aspirants can overcome this impediment. I wish them success. For those, who are yet to enter the Construction Industry and joining these courses, I would like to welcome them to the Industry which is second largest employer after agriculture and has many exciting career growth opportunities.

Construction Industry Development Council (CIDC) is the apex body of the Industry and is promoting excellence in all spheres of the activities. We live in an increasingly complex world, both socially and technically. Therefore, individuals who are conversant with technology, and know how to use it for various useful purposes, are well-prepared for the future. The present rate of growth of Indian Construction Industry is phenomenal, and those pursuing construction engineering careers are expected to enjoy promising career opportunities in the foreseeable future, and these programs are going to be an excellent foundation to accomplish the stated goals.

These programs are being offered jointly with Assam University, Silchar, Assam, which is a Central University, established under an Act of the Parliament with a view to democratise education and disseminate knowledge through novel techniques and methodologies for the benefit of large section of society within the jurisdiction of Assam University and other geographical locations as may be decided from time to time.

All the programs are on offer, both in traditional (Contact) mode of education, as well as the distant mode using open learning pedagogy. The flexibility of the mode of conduct, enables learners to pursue the programs according to their exigent conditions, pertaining to their place of residence, present status of employment and such likes.

Engineering is the application of scientific principles to improve our world. Engineers can best be thought of as creators, innovators, problem solvers, builders, constructors and leaders. Through these programs we strive to prepare our students to become contributors to society in all respect. You will learn how to think logically, deal with uncertainty, apply technology in a socially and environmentally responsible manner, communicate effectively and collaborate with others and deliver the results.

With these words I welcome you to the fascinating world of Construction Engineering and wish you all the best in all your future endeavours.

(P.R. Swarup)
Director General,
Construction Industry Development Council, India

DIPLOMAS

With the growth in development of the physical infrastructure in the nation, it is incumbent on the Construction Industry to ensure that not only the requisite number of persons required for the construction and developmental activities in the country, both under the national programs as well as the infrastructure construction programs, are made available, but also such personnel are duly trained so as to match global standards in construction.

Construction Industry is the second largest employer, next only to agriculture. Presently, there are over 33 million (3.30 crore) persons employed in the industry and the projected demand being over 25 lac professionals annually, great thrust needs to be imparted to the requisite needs of technical education. This could be achieved through intense industry participation and therefore these programs are being launched, for which Construction Industry Development Council & Assam University, Silchar, Assam have joined hands.

The present program looks at meeting the aspirations of these persons who would be interested to pursue the education while continuing with their employment in the construction / allied sectors. The program are being conducted at the CIDC Training Centres.

POST DIPLOMAS

Post Diploma in Project Exports

With the global business opening up for all Nationality, and the acute pressure on the physical infrastructure due to ever growing population, especially in the Asian and African Nations, there is a great need of construction service providers at all locations. The sheer size of Indian Construction Industry prompts the need for it, to become a substantial business force, providing Project Export Services. This is accomplishable, only with the competent and knowledgeable constructions persons, who also are aware of the regulatory measures of project exports.

The programme is aimed at grooming Engineers, Science Graduates, and also those with specialization in Economics to serve as Project Export Specialists.

Post Diploma in Construction Management and Administration

With the advent of newer working methods, present techniques and working systems being taught to the diploma students do not provide them with sufficient skills to undertake complex tasks likely to face them on the field today. This leads to their unemployment initially and subsequently employment at under employment levels. The situation demands a formal training system also encompassing proper testing and certification modalities to enhance the personal productivity of the candidate and thereby develop him as a better professional.

Post Diploma in Trenchless Technology

Trenchless technology training has acquired high significance as the nation today is making substantial investment in the development and management of subsurface infrastructure like water, sewage, Gas and Petrochemical, Power and telecom and lastly pollution control networks where the need for trained professionals is growing immensely. As availability of the formally trained manpower in the sector is quite scarce, Post Diploma Programme in Trenchless Technology will render excellent career opportunities to the professionals to acquire knowledge in this state-of-art Technology. This training will contribute to the capacity building process for Trenchless Technology sector and thereby construction industry as a whole.

Post Diploma in Construction Risk Management

Construction is a capital intensive business. Banks, Financial Institutions, & Insurance Companies, have a silent, yet substantial stake in construction business and have an emergent need of experts, who, apart from possessing knowledge of construction business, are well versed in application of scientific tools for identification, profiling, and mitigation of the risks, which are both, physical and financial in nature.

The programme is aimed at grooming Engineers, Economists & Finance/ Accounts professional to serve the Banks, Financial Institutions, Insurance Companies and also the corporate houses.

Post Diploma in Construction and Industrial Dispute Resolution

Timely and efficient dispute resolution in construction projects is a vital need of the hour, with a sum of over 100,000 crores, locked in variety of disputes among public, private, government sector, the issue needs expert handling to improve the functioning of construction industry.

Professionals with qualifications in Engineering and Law disciplines, when trained in dispute resolution techniques would be able to serve the construction companies, law firms and project owner organizations.

Post Diploma in Occupational Safety, Health and Environment in Construction Industry

With over 33 million persons serving the construction industry, the needs in the context of occupational safety, health, & environment related issues, demand specialists services from professionals having qualifications in Engineering disciplines & Medical Sciences.

The programme is aimed at preparing professionals who would serve project authorities, & construction companies, employing large number of personnel.

Dual Degree Programme in Engineering (Civil/ Construction)

The Industry is growing at a pace of 16% per annum and with this growth the demand of Civil Engineers is also rising substantially.

The programme aims at admitting candidates who hold a degree in any branch of engineering and are desirous of graduating in Civil/ Construction Engineering.

These Diploma Programs and Post Diploma Programs aim to train personnel to enhance their professional capabilities and improve their employability in the market.

- ALL CANDIDATES ENROLLED IN ALL/ ANY OF THE PROGRAMS BEING JOINTLY OFFERED BY ASSAM UNIVERSITY, SILCHAR & CONSTRUCTION INDUSTRY DEVELOPMENT COUNCIL, SHALL MANDATORILY HAVE TO ENROL AS A STUDENT MEMBER OF ASIAN CONCRETE & CONSTRUCTION INSTITUTE (SINGAPORE/ INDIA). THIS SHALL BE OVER AND ABOVE THEIR ENROLMENT AS A MEMBER WITH RESPECTIVE CERTIFYING AGENCIES LISTED. THESE ENROLMENTS ARE TO BE UNDERTAKEN AT THE TIME OF JOINING.

ASSAM UNIVERSITY, SILCHAR, ASSAM

Assam University, Silchar, ASSAM (AUS) is an autonomous University established by the Act of the Parliament with a view to democratise education and disseminate knowledge through novel techniques and methodologies for the benefit of large section of society within the jurisdiction of Assam University and other geographical locations as may be decided from time to time.

In order to promote technical education in Construction Industry, AUS Jointly with CIDC is initiating the Diplomas and Post Diplomas in various study centres located at different locations in Assam State and other locations in the Country. A course wise list of such programs is as follows:

S. No.	Title of Programme	Duration	Eligibility	To be started from	Entrance Criteria	Certifying Agency	Program Code
1.	Post Diploma in Trenchless Technology	1 year	Graduate in Engg. / Dip. & 3 Yrs. Experience	March 2008 & July 2008	Entrance/ Interview	AUS + CIDC + INDSTT	22
2.	Post Diploma in Project Exports	1 year	Graduate in Engg./ B.Sc/MA in Economics	July 2008	Entrance/ Interview	AUS + CIDC	23
3.	Post Diploma in Construction Management and Administration	1 year	Graduate in Engg./ B.Sc/MA in Economics	March 2008 & July 2008	Entrance/ Interview	AUS + CIDC + ICC	24
4.	Post Diploma in Construction Risk Management	1 year	Graduate in Engg./ MA Economics/ Statistics /CA/ICWA	July 2008	Entrance/ Interview	AUS + CIDC + CARM	25
5.	Post Diploma in Construction and Industrial Dispute Resolution	1 year	Graduate in Engg./ Degree in Law	March 2008 & July 2008	Entrance/ Interview	AUS + CIDC + CIAC	26
6.	Post Diploma in Occupational Safety, Health and Environment in Construction Industry	1 year	Graduate in Engg./ Master in Pharmacy/ MBBS	July 2008	Entrance/ Interview	AUS + CIDC + HIDC	27
7.	Dual Degree Programme in Engineering (Civil/ Construction)	1 year	Graduate in Engg.	July 2008	Interview	AUS + CIDC	71
8.	Diploma in Civil/ Electrical/ Mechanical Engineering./Trenchless Technology	3 years	10 th Class/ ITI or CIDC Vocational Certified	March 2008 & July 2008	Entrance/ Interview	AUS + CIDC	01 to 04

- Note :**
1. All the programs are on offer both in traditional as well as Distant Mode of Education, the traditional mode at present is however available at Assam Only.
 2. Pre-requisite courses to fulfill the completion requirements, shall have to be taken by the candidates who are not Engineering graduates.
 3. Please note that the programs at S. No. 2, 3, 5 & 8 shall be offered both in March 2008 and July 2008. Balance programs shall be offered starting July 2008.

MODE OF EDUCATION

A program in the 'Traditional Mode of Education' is conducted through regular class-room teaching at the Study Centres. A student must have attended a minimum of 75% of the lectures, seminars and tutorials etc. organized during a semester to be eligible to appear at the end-semester examination.

In 'Distant Mode of Education', each student is attached to a Study Centre, but pursues studies on his own, without visiting the study centre on a regular basis. The entire programme is thus undertaken. The Course Material Kit comprising of text books, specially prepared guides and reading material, projects and assignments etc. is provided to each candidate. A few classroom sessions as may be necessary are however conducted. For clearing the semesters, candidates are required to pass the exams, conducted in the Study Centres.

It may however be not necessary to clear fully a semester to undertake examination of the next semester.

AUS-CIDC have a dedicated team of professionals and academicians who guide the candidates at the various stages of the programme. They can be contacted through e-mail, telephone, letters or by personal visits with appointment.

COURSE DURATION

Duration for completion of:

- I. Post Graduate Programmes : minimum 1 year and maximum 3 years.
- II. Diploma Programme : minimum 3 years and maximum 5 years.

However, if a student is unable to clear within a period of 2 years for Post Diploma and 4 years in case of Diploma Programme, he/she will have to re-register on payment of fees as applicable at that time (at present a total of Rs.3000/- in case of Post Diploma/ Rs. 2250/- in case of Diploma Programmes).

CONSTRUCTION INDUSTRY DEVELOPMENT COUNCIL (CIDC)

Construction Industry Development Council (CIDC) was established in 1996 by the Planning Commission, Government of India along with the constituents of Indian Construction Industry as the apex organization to professionalize the functioning and monitor the construction activities.

CIDC has done substantial work in promoting skill up-gradation of construction personnel in addition to procedural, bureaucratic and technological changes in Construction Industry. CIDC has been the catalyst of change and has accelerated the process of self-reform that shall enable the industry to answer the challenges of the future.

Human Resource Development is a major thrust area of CIDC. A vast range of Executive Development programs, Diploma for Army Jawans & NCOs, Construction Workers Training are among the many programs on offer.

CIDC has joined hands AUS to offer the above Diploma and Post-diploma programs to increase employability of aspirants in Country, on a self financing basis, who wish to join the infrastructure development boom in India.

CONSTRUCTION INDUSTRY PROFESSIONAL DEVELOPMENT TRAINING ASSOCIATION (CIPDTA).

Construction Industry Professional Development Training Association is the apex nodal agency to promote, upgrade, strengthen and develop the Human resource Development of the upper segment (managers & engineers level) in the Construction Industry as a whole so as to be competent and competitive in the domestic and international markets, and to be responsive to the economic, technical, environmental and social changes and policies.

CONSTRUCTION INDUSTRY VOCATIONAL TRAINING ASSOCIATION (CIVTA).

Construction Industry Vocational Training Association is the apex nodal agency to promote, upgrade, strengthen and develop the Human resource Development of the secondary segment (workers and supervisors level) in the Construction Industry so as to be competent and competitive in the domestic and international markets, and to be responsive to the economic, technical, environmental and social changes and policies.

INDIAN SOCIETY FOR TRENCHLESS TECHNOLOGY (INDSTT)

Indian SOCIETY FOR TRENCHLESS TECHNOLOGY (INDSTT) is the apex organization to promote the application and nurture the growth of Trenchless Techniques in India and other South Asian nations. It was established in 1995. It is one of the focal points of the Trenchless Technologists in this part of world.

For the past twelve years INDSTT, has been making relentless efforts in popularizing the technology in India and has been able to achieve enormous recognition and respect for its technology promotional efforts.

Trenchless Technology is a newer addition to the construction technology sector to develop and manage subsurface infrastructure networks. As there is a dearth of trained professionals in the sector, Human resource capacity augmentation has become one of the main need areas and Post Diploma in Trenchless Technology is one of such developmental activities of INDSTT. As a student of the Post Diploma Course one shall have the opportunity to be inducted in the Guild as a student member for a proper professional development.

INTERNATIONAL COUNCIL OF CONSULTANTS (ICC)

International Council of Consultants (ICC) is the apex representative organization of construction related consultancy services. Governing Council of ICC has representation from several important professional organizations. The specialized role of Consultants is increasingly playing a more significant part in an economy, which is growing fast in a global competitive environment. The need of Consultants across diverse sectors including Banking, Construction, Education, Management Energy, Environment, Governance, IT, Law, Engineering, Trade, Transport and others is felt more now with increasing emphasis on life cycle costs and sustained development. Globalization and the emergent regional alliances are expanding the physical boundaries of operations of Consultants.

Consultant as an expert, gives overall guidance in the required field, where ordinary knowledge is not sufficient. Skilled Consultancy Services allow us to offer organizations completely tailored and integrated solutions catering to the needs of any project. International Council of Consultants acts as a connecting link between Consultants and Organizations. ICC members are Consultants equipped with multidimensional skills to offer their services for any project.

The Post Diploma Program in Construction Technology and Management is the HR initiative of ICC where professionals in the construction sector are developed. As a student of the Post Diploma Course one shall have the opportunity to be inducted in the Guild as a student member for a proper professional development

COUNCIL FOR APPLICATION OF ACTUARIAL SCIENCE IN RISK MANAGEMENT IN CONSTRUCTION AND ALLIED INDUSTRIES (CARM)

Council for Application of Actuarial Science in Risk Management in Construction and Allied Industries (CARM) was established to articulate the risk related issues affecting the Construction Industry and to introduce Actuarial applications for the development of risk alleviation and mitigation techniques

HEALTHCARE INFRASTRUCTURE DEVELOPMENT COUNCIL (HIDC)

Healthcare Infrastructure Development Centre is a registered society under the Societies Registration Act formed by entities involved in providing healthcare. It views healthcare as a holistic approach covering preventive, curative and rehabilitative aspects. It brings together apex bodies of all categories of healthcare providers, namely Healthcare project designer, constructors, hospitals, Nursing homes, Laboratories, equipment manufacturers, pharmaceutical companies, insurance companies and financial institutions.

DIPLOMA IN CIVIL / MECHANICAL / ELECTRICAL ENGINEERING / TRENCHLESS TECHNOLOGY

Objectives of the Programme

The broad objectives of this programme are :

- To offer need based and tailor made academic programme for the specific need of supervisory level manpower engaged in Construction & those desirous to serve the Construction Industry.
- To upgrade and modernize the technical know-how of those engaged in the construction related activities apart from the fresh candidates desirous of taking careers in Construction Industry.
- To provide better industry-education linkage by matching learners educational needs while collaborating with professional bodies like CIDC and other technical institutions.

Details of the Diploma Programme

Details of the diploma programme are as follows:

Diploma in Civil / Mechanical / Electrical Engineering /Trenchless Technology	
Type of Programme	Professional & Technical
Level of Programme	Diploma
Duration of Programme	Minimum three years & maximum five years
Medium of Instruction	English
Eligibility for Admission	10th pass / ITI or CIDC Vocational Certified
Certifying Agency/ies	Assam University, Silchar & CIDC
Branch Code for Civil Engineering	01
Branch Code for Electrical Engineering	02
Branch Code for Mechanical Engineering	03
Branch Code for Trenchless Technology	04

POST DIPLOMAS

Objectives of the Programme

Aims to impart training to persons fulfilling eligibility conditions as mentioned earlier, on a self financing basis to enhance their professional capabilities and better their employability in the market. The objects and other related details have been detailed earlier.

Details of the Post Diploma Programmes : As detailed above.

STUDY CENTRES

The following are the proposed centres for conduct of the courses. However, CIDC – AUS reserve the right to cancel any of the centres without assigning any reason whatsoever. Similarly new centres can be established. The candidate, while applying, should be prepared to pursue his course of study / training at any of the Centres allotted to him. Decision regarding final allocation of the centres shall be posted on the website & notice boards of respective Centres and this shall be binding on the candidate.

INFORMATION

Admissions to Diploma Courses

1. Admissions shall be made through personal counseling by CIDC.
2. After the result of 1st counseling, the candidate is required to deposit the First Semester fee, Caution Money and Counseling Charges of Rs. 11,500/- in case of Traditional Mode of Education and Rs.10,850/- in case of Distant Mode of Education.
3. Candidates after depositing the admission fee as mentioned above, shall report in the designated Centres for joining and verifications of documents for further directions regarding reporting at allotted Institute.
4. After joining by a candidate at the designated Centres, such centre will update the status of joining/ non reporting simply indicating yes/no on the list of allotment of seat at the time of declaration of result of particular counseling by CIDC, online.
5. The candidates, who would like to upgrade their earlier allotted seats, will also be permitted to participate in the subsequent counseling, provided a sum of Rs. 1000/- (Rs. One thousand only) as a sliding fee in the event of upgrading branch in the same Centre / changing the Centre, shall be deducted / forfeited from the one semester fee submitted by the candidate after first counseling to CIDC in shape of a Demand Draft payable at New Delhi. If the status of the 1st counseling of the candidate remains unchanged in the subsequent counseling by CIDC due to non-availability of seat of the choice of the candidate no sliding fee shall be deducted.
6. The admission to various Diploma Engg. Courses will be on the basis of Rank / Merit of Entrance Test, i.e. CIDC-CET - 2008 only.
7. CIDC-CET-2008 result will be notified on website: www.cidc.in on 10.02.2008.
8. Admit cards will be sent by post, if the student does not receive the Admit card by post, a Duplicate Admit card will be issued at the centre on receipt of a valid Identity Card. The information regarding Roll No. & Name of the Examination Center allotted to the candidate will be available on website: www.cidc.in five days before the examination, which the candidate will fill on the admission slip provided in the prospectus.
9. Rs. 1,500/- registration charges (non – refundable) for examination cum counseling are to be deposited with application form through demand draft only in favour of CIDC, payable at New Delhi.
10. Immediately after the Counseling session, Candidates will deposit the First Semester fee, Caution Money and Counseling Charges of Rs. 11,500/- in case of Traditional Mode of Education and Rs.10,850/- in case of Distant Mode of Education in form of Demand Draft favouring "Construction Industry Development Council" payable at New Delhi.
11. However, the allotment of Centre at which the candidate shall pursue his course will be decided at the time of Counseling and that decision shall be binding on the candidate, irrespective of the Centre selected by him / her and in which name the Demand Draft is made.
12. Should the application is made on downloaded/photocopied application form, the handbook & prospectus charge of Rs. 750/- (non – refundable) in shape of demand draft payable to CIDC at New Delhi should be submitted alongwith the application form.
13. Counseling for admissions shall be done at CIDC office at New Delhi.
14. The application forms received after the last date or the incomplete application form shall not be entertained and liable to be rejected out rightly.
15. The Application form for Entrance Test, i.e. CIDC-CET - 2008 is available at Appendix - 1 in the Prospectus to be filled by the candidate in original.
16. Any candidate who has been disqualified or debarred by the University or Board or any other Statutory Board shall not be eligible for admission to the Centres of State for the period he/she has been debarred.
17. Canvassing in any form is strictly prohibited. Further, if any candidate, person or official engages himself / herself in any unlawful act that results or indulges in any kind of unfair means in the Test, he/she shall be liable to prosecution under relevant law as per Indian Penal Code.
18. If any certificate submitted by the candidates, is found bogus, forged or fabricated at any stage, the admission of that candidate shall be cancelled without giving any notice.

19. A control room at CIDC Directorate, 801, Hemkunt Chambers, 89, Nehru Place, New Delhi has been set up to reply any query from the candidates round the clock during the counseling period. Queries, if any, may be mailed to cidc@cidc.in / cipdta@yahoo.com by giving complete details.
20. The decision of the Construction Industry Development Council (CIDC) in all matters relating to the admissions shall be final.
21. All disputes pertaining to counseling for making admission are subject to the jurisdiction of New Delhi only.

Admissions to Post Diploma Courses

1. Admissions shall be made through personal counseling by CIDC.
2. After the result of 1st counseling, the candidate is required to deposit total fees as mentioned earlier on Page 11.
3. Candidates after depositing the admission fee as mentioned above, shall report in the designated Centres for joining and verifications of documents for further.
4. After joining by a candidate at the designated Centres, such centre will update the status of joining/ non reporting simply indicating yes/no on the list of allotment of seat at the time of declaration of result of particular counseling by CIDC, online.
5. The candidates, who would like to upgrade their earlier allotted seats, will also be permitted to participate in the subsequent counseling, provided a sum of Rs. 1000/- (Rs. One thousand only) as a sliding fee in the event of upgrading branch in the same institute / changing the institute, shall be deducted / forfeited from the one semester fee deposited by the candidate after first counseling in the A/c of CIDC. If the status of the 1st counseling of the candidate remains unchanged in the subsequent counseling by CIDC due to non-availability of seat of the choice of the candidate no sliding fee shall be deducted.
6. The admission to various Post Diploma Engg. Courses will be on the basis of the merit list prepared from the marks obtained in the qualifying examinations.
7. The Merit list will be notified on website: www.cidc.in on
8. Rs. 3,000/- registration charges (non – refundable) for counseling are to be deposited with application form through demand draft only in favour of CIDC, payable at New Delhi.
9. Should the application is made on downloaded/photocopied application form, the handbook & prospectus charge of Rs. 750/- (non – refundable) should be submitted alongwith the application form.
10. Counseling for admissions shall be done at CIDC office at New Delhi.
11. The application forms received after the last date or the incomplete application form shall not be entertained and liable to be rejected out rightly.
12. The Application form for Admission is available at Appendix - II in the Prospectus to be filled by the candidate in original.
13. Any candidate who has been disqualified or debarred by the University or Board or any other Statutory Board shall not be eligible for admission to the for the period he/she has been debarred.
14. Canvassing in any form is strictly prohibited. Further, if any candidate, person or official engages himself / herself in any unlawful act that results or indulges in any kind of unfair means in the Test, he/she shall be liable to prosecution under relevant law as per Indian Penal Code.
15. If any certificate submitted by the candidates, is found bogus, forged or fabricated at any stage, the admission of that candidate shall be cancelled without giving any notice.
16. A control room at CIDC Directorate, 801, Hemkunt Chambers, 89, Nehru Place, New Delhi has been set up to reply any query from the candidates during the counseling period. Queries, if any, may be mailed to cidc@cidc.in / cipdta@yahoo.com by giving complete details.
17. The decision of the Construction Industry Development Council (CIDC) in all matters relating to the admissions shall be final.
18. All disputes pertaining to counseling for making admission to diploma courses for session 2008-09 are subject to the jurisdiction of New Delhi only.

COUNSELING PROCEDURE

1. Only those candidates who have deposited one time total fee of Rs.4,500/- (US\$180) through Demand Draft in favour of CIDC for Entrance Examination and counseling(s) with application form are eligible for participation in the counseling(s) & admission in Centres.
2. Admissions to all courses offered shall be made through Counseling by CIDC.
3. To participate in the counseling, it is mandatory for every candidate to be present at the counseling venue with all the relevant documents on the date and time of counseling.
4. Following Counseling will be conducted for admission:-
 - All seats will be conducted by CIDC on 22.02.2008 onwards for Diploma & Post Diploma.
 - 2nd Counseling - for the left over seats after first counseling will be conducted by CIDC from 25.02.2008 onwards.
 - 3rd & 4th Counseling will be conducted only for left over/ vacant seats, if any by CIDC from 26.02.2008 onwards.
5.
